

# Walenstadt 2024

In summer 2024, the station in Unterwasser will be completely rebuilt and the funicular will be renewed. Instead of the funicular, a shuttle bus will transport guests to the middle station. We expect long waiting times on the weekends.

To avoid waiting too long, we recommend taking the "Sellamatt" cable car (incl. in the Day Pass and Season Pass) and walking to the middle station in Ittios. The hike takes 30 minutes.
